

Altar Servers

The Altar Servers enrich our parish through their dedication and service of helping the priest at the Altar. Altar Servers are the closest persons to the Altar and to the Priest who represents Jesus Christ during the celebration of the Mass and the administration of the Sacraments. Altar Servers have a deep sense of spirit of the Liturgy and do their functions with reverent dignity. A good server not only serves the Sunday Mass, but also is available for other services. Being a server means serving God and his people at Mass. This makes serving Mass worth doing, and worth doing well. Servers help other people to understand the Mass better and make their love for God stronger. Our parish greatly appreciates the worshipful respect of our Altar Servers. We welcome any student in grade four and above who wish to serve at the Altar. Servers are trained to become familiar with the books, vessels, clothes, cross, candles, and vestments used for Mass. They learn the movements and postures proper for dignified service at the Altar. They practice their parts so they can be at ease in being adept at serving.
